

All Natural Wood Cleaner

Preserve the natural beauty of wood

All Natural Wood Cleaner is a safe, durable and user-friendly cleaner for all wooden surfaces. The microbiological characteristics of the product and the active microorganisms ensure that the All Natural Wood Cleaner is self-cleaning and has a long-term after-effect. This means that there is less new soiling, which is also easy to remove during the next cleaning. The product cleans the surface without building up a layer and ensures that the matte, natural look of the wood is preserved. In addition, the All Natural Wood Cleaner is highly concentrated and therefore extremely economical. Finally, the product is very ecological and leaves no traces when discarded.

PRODUCT INFORMATION

› Specific characteristics

- Highly concentrated and extremely economical (up to ± 30 cleaning sessions per packaging)
- Non film-forming
- Long-term after-cleaning thanks to the active microorganisms
- Can reduce the cleaning frequency if used correctly and regularly
- Low-foaming
- Dissolves the most stubborn everyday soiling
- Preserves the matte and natural look of the wood
- Ideal in combination with all professional scrubber driers
- pH-neutral
- 0% VOC
- Suitable for all wooden surfaces, including oiled and varnished floors

› Technical characteristics

- Physical state at 20 °C: liquid
- Odour: available in 3 different scents
- Density: 1,00 g/ml
- pH: 7
- VOC content: 0 g/L

› Packaging

› Storage

The product can be stored for up to 24 months. Store in dry conditions and in the original unopened packaging. Keep away from frost.

APPLICATION INFORMATION

› Instructions

STEP 1. Vacuum the surface. Remove dust, sand, stones, ...

STEP 2. Pour 10 ml (5 pumps) of All Natural Wood Cleaner into a 5-8 L bucket with lukewarm water (max. 40°C).

STEP 3. Clean the surface with a mop or cloth.

Caution, do not leave water on the surface, it is sufficient to simply clean damp.

STEP 4. Allow to dry. Do not walk on the floor until it is completely dry. Rinsing with clean water is not necessary.

› Tips & Tricks

- Many stains can be removed with the All Natural Wood Cleaner or the Universal Soap. If the stains still do not disappear with the ordinary cleaners, then the specific stain removers of Rubio Monocoat can be of help (e.g. for stubborn lime stains, grease stains, black/tannic acid stains).
- Do not use the product if the wooden surface has been pre-treated with reactive products.

Check the packaging and the safety data sheet for more details.
